

# Hamilton Lake (Rotoroa) Waterweed Control

Under Resource Consents 110237 Environment Waikato has granted Hamilton City Council to control *Egeria densa* at Rotoroa (Hamilton Lake). It is intended to apply herbicide to water weed in small areas of the lake on or between December 14-20th 2009.

The consent is to apply the herbicide Diquat by means of under water nozzles to a number of small patches of *Egeria densa* (Oxygen Weed) in the lake. The Consent requires that spraying be carried out between 1 May and 20 December inclusive.

Those who wish to receive individual notification the day before application is intended to be done should call the Parks and Gardens Unit on 838 6622 and leave their name and contact telephone number.

On each intended day of operations you may call 838 6699 for up to date information on whether work will be carried out that day, based on weather conditions that morning. This information should usually be available between 6:30 and 7am.

**If you have any questions about the project please call the Parks and Gardens Unit, ph. 838 6622.**
